The Kite Primary Federation Anti-Bullying Policy

Please note that in this document 'school' means any school within the Kite Primary Federation

Introduction

At the Kite Primary Federation we aim to produce an inclusive environment for all pupils which openly discuss differences between people and celebrate diversity.

As a consequence we aim to provide a safe, caring and friendly environment for learning for all our pupils to allow them to improve their life chances and help them maximise their potential.

We expect pupils to act safely and feel safe in school, including; understanding of issues relating to all forms of bullying and that they feel confident to seek support from school should they feel they or others are unsafe.

We would also want parents/carers to feel confident that their children are safe and cared for in school and that incidents when they do arise, are dealt with promptly and well.

The school is aware of its legal obligations including the Equalities Act 2010. We are aware of our role within the local community supporting parents/carers and working with other agencies outside the school where appropriate.

This policy was formulated in consultation with the whole school community with input from

- Members of staff- (through regular agenda items at staff meetings, training)
- Governors – (discussions at governors meetings, training,)
- Parents/carers – (by encouraging them to contribute by viewing the policy on the website and contacting us with their views)
- Children and young people – (pupils contribute to the development of the policy through the school council, circle time discussions)

This policy is available

- Online at <http://www.norwellandstmatthews.co.uk>
- From the school office

Definition of Bullying

The repetitive, intentional hurting of one person or group by another person or group, where the relationship involves an imbalance of power. Bullying can be physical, verbal or psychological. It can happen face-to-face or through cyberspace.

Behaviour often associated with bullying

Baiting

Baiting can be used in bullying both on and offline. It can be used to bully someone to get 'a rise' out of them and it can be used to antagonize those who might be bullying others to get them to bully. Sometimes baiting is used secretly to try and get a person to explode in a rage or react negatively/loudly so that they get in to trouble.

Banter

The dictionary describes banter as: 'the playful and friendly exchange of teasing remarks'.

Bullying is often justified as being just banter. It may start as banter, but some types of banter are bullying and need to be addressed as bullying.

Types of Banter

- Friendly Banter- There's no intention to hurt and everyone knows its limits
- Ignorant Banter- crosses the line with no intention to hurt, will often say sorry.
- Malicious Banter- Done to humiliate a person-often in public

Occasionally an incident may be deemed to be bullying even if the behaviour has not been repeated or persistent – if it fulfils all other descriptions of bullying. This possibility should be considered, particularly in cases of hate crime related bullying and cyberbullying. If the victim might be in danger then intervention is urgently required.

What does bullying look like?

Bullying behaviour can be:

- Physical – pushing, poking, kicking, hitting, biting, pinching etc.
- Verbal - name calling, sarcasm, spreading rumours, threats, teasing, belittling.
- Emotional – isolating others, tormenting, hiding books, threatening gestures, ridicule, humiliation, intimidating, excluding, manipulation and coercion.
- Sexual – unwanted physical contact, inappropriate touching, abusive comments, homophobic abuse, exposure to inappropriate films etc.
- Online /cyber – posting on social media, sharing photos, sending nasty text messages, social exclusion
- Indirect - Can include the exploitation of individuals.

Although bullying can occur between individuals it can often take place in the presence (virtually or physically) of others who become the 'bystanders' or 'accessories'.

Why are children and young people bullied?

Specific types of bullying include:

Prejudice Related Bullying

Under the Equalities Act 2010 it is against the law to discriminate against anyone because of:

- age
- being or becoming a transsexual person
- being married or in a civil partnership
- being pregnant or having a child
- disability

- race including colour, nationality, ethnic or national origin including Gypsy, Roma, Travellers
- religion, belief or lack of religion/belief
- sex /gender
- sexual orientation

These are called ‘protected characteristics’.

As part of the requirement on schools to promote fundamental British values, schools must proactively challenge derogatory and discriminatory language and behaviour including that which is racist, homophobic, bi-phobic, transphobic and disabilist in nature. We will record these types of bullying, even that which represents a one-off incident, and report them to the local authority for monitoring purposes.

Other vulnerable groups include

- bullying related to appearance or health
- bullying of young carers or looked after children or otherwise related to home circumstances

Although the above do not currently receive protection under the Equality Act 2010, bullying for these reasons is just as serious. There is no hierarchy of bullying – all forms should be taken equally seriously and dealt with appropriately.

Prejudice Related Language

Racist, homophobic, bi-phobic, transphobic and disabilist language includes terms of abuse used towards people because of their race/ethnicity/nationality; because they are lesbian, gay, bisexual, or transsexual, or are perceived to be, or have a parent/carer or sibling who is; because they have a learning or physical disability. Such language is generally used to refer to something or someone as inferior. This may also be used to taunt young people who are different in some way or their friends, family members or their parents/carers.

In the case of homophobic, bi-phobic and transphobic language particularly, dismissing it as banter is not helpful as even if these terms are not referring to a person’s sexual orientation or gender identity they are using the terms to mean inferior, bad, broken or wrong. We will challenge the use of prejudice related language in our school even if it appears to be being used without any intent. Persistent use of prejudice related language and/or bullying will be dealt with as with any other form of bullying.

Where does bullying take place?

Bullying is not confined to the school premises. It also persists outside school, on the journey to and from school and in the local community and may continue into Further Education.

The school acknowledges its responsibilities to support families if bullying occurs off the premises.

Cyberbullying

The increasing use of digital technology and the internet has also provided new and particularly intrusive ways for bullies to reach their victims.

Cyberbullying can take many forms and bullying online can often start in school and then be progressed online or start online and influence behaviour in school.

Whilst most incidents of Cyberbullying occur outside school we will offer support and guidance to parents/carers and their children who experience online bullying and will treat Cyberbullying with the same severity as any other forms of bullying.

Cyberbullying can include:-

- Hacking into someone's accounts/sites
- Posting prejudice /hate messages
- Impersonating someone on line
- Public posting of images
- Exclusion
- Threats and manipulation
- Stalking

We will ensure that our children are taught safe ways to use the internet (see our E-safety policy) and encourage good online behaviour.

Bullying can take place between:

- young people
- young people and staff
- between staff
- individuals or groups

Reporting and responding to bullying

Our school has clear systems to report bullying for the whole school community (including staff, parents/carers, children and young people) this includes those who are the victims of bullying or have witnessed bullying behaviour (bystanders).

- Children and young people in school including bystanders should in the first instance speak to their class teacher or an adult supervising within school.
- Parents/carers should also speak to their child's class teacher or the head teacher
- All staff and visitors should contact the head teacher or the chair of the Governors

This should include

- To whom should the concern be reported?

- Will the response be consistent?
- How will it be recorded?
- Are there confidential ways of reporting?
- How are people encouraged to report?

Procedures

All reported incidents will be taken seriously and investigated involving all parties. In the first instance an 'Incident Form' will be completed and given to the executive head teacher or assistant head teacher. The staff are aware of and follow the same procedures.

- Interviewing all parties including target, bully and all others involved
Informing parents
- Implementing appropriate disciplinary sanctions in accordance with the school's Behaviour Policy. These should be graded according to the seriousness of the incident but should send out a message that bullying is unacceptable
- Being clear that responses may also vary according to the type of bullying and may involve other agencies where appropriate
- Following up, in particular keeping in touch with the person who reported the situation, parents/carers.
- Having a clear complaints' procedure for parents/carers who are not satisfied with the school's actions Having a range of follow- up responses and support appropriate to the situation for all involved such as - solution focused, restorative approach, circle of friends, individual work with victim, perpetrator, bystanders and others affected by the bullying, referral to outside agencies if appropriate
- Liaising with the wider community if the bullying is taking place off the school premises i.e. in the case of cyberbullying or hate crime.

Recording bullying and evaluating the policy

Bullying incidents will be recorded by the member of staff who deals with the incident and this will be stored by the Anti-bullying coordinator.

Prejudice related bullying/incidents should be reported to the local authority using the guidelines set out in Nottinghamshire guidelines for schools: Bullying and Prejudiced –related incidents (August 2017) **These should be sent in electronic format, ideally encrypted, with a password sent in a separate email, to ecas@nottsc.gov.uk**

It is no longer necessary however, to submit a termly nil return to the team or complete a specific form. Schools are advised that a simple email to ecas@nottsc.gov.uk stating at the end of the academic year that no incidents have been reported to the school, will now suffice.

Information stored in school will be used to ensure individuals incidents are followed up. It will also be used to identify trends and inform preventative work in school and

development of the policy. This information will be discussed by staff in regular staff meetings held weekly.

This information will be presented to the governors as part of the annual report.

The policy will be reviewed and updated every two years.
